## PROFILE

Computer Engineer with a strong interest in Data Engineering, AI and Machine Learning. Currently working as a Data Engineer, with hands-on experience in SQL, BigQuery, Airflow, dbt and GCP. Analytical and curious, with a strong problem-solving mindset and a continuous drive to learn and grow in data-intensive environments.

## EXPERTISE

- SQL & BigQuery
- dbt
- Apache Airflow
- GCP
- Power BI & DAX
- Git & CI/CD
- Machine Learning
- Python, Java, C, R

## LANGUAGES

Italian — Native

English — B2

## EXPERIENCES

### Target Reply | Mar 2026 – Present

Data Engineer

- Developing and maintaining data pipelines using SQL, BigQuery, Apache Airflow, dbt and GCP, contributing to scalable data integration and transformation solutions. Worked on major data engineering projects for clients including Amplifon and Fastweb.

### I.R.C.C.S. Carlo Besta | Feb 2025 – Dec 2025

Machine Learning Intern

- Developed data-driven machine learning approaches for ALS subtype classification. Analyzed and processed high-dimensional miRNA, lncRNA and cytokine datasets to identify predictive molecular features.

## EDUCATION

### M.Sc. Computer Science and Engineering | 2023 – 2025

Politecnico di Milano

- Thesis at IRCCS Carlo Besta on data-driven methods for ALS subtype classification, based on the analysis of high-dimensional molecular datasets; results are currently being prepared for scientific publication.

### B.Sc. Computer Science and Engineering | 2019 – 2023

Politecnico di Milano

- Experience in collaborative group projects and a strong foundation in software engineering and data-related disciplines.

## INTERESTS AND HOBBIES

Football, cycling, gym and cinema.
